## A POWERFUL DESIGN THAT EVOKES NOSTALGIA

The award-winning radio is an iconic design that's adapted with the times while staying true to what's important. Tykho's retro shape is reminiscent of the staple AM/FM radios that stood in our parents' kitchens, but with a contemporary twist. We've given the classic bestseller a modern Bluetooth® upgrade complete with a 3W speaker. Enjoy the radio by pressing the FM button, and using the antenna to dial into your favourite station. Or, if you prefer a playlist, simply switch over to the Bluetooth® function by pressing the Bluetooth® symbol and connecting your device. Enjoy up to 20 hours of continued playtime.

Revive any space with this portable, micro-USB rechargeable, fresh take on a classic speaker design.

With Tykho's modern splash-proof rubber finish and 16 color range, it's certain to compliment wherever you take it, including the poolside.

Created more than 20 years ago, Tykho is the first design object ever featured on the cover of Time Magazine, becoming the flagship of French design, and a proudly iconic product of Lexon.
